PM debunks vaccine myths

**Broadband
connectivity
to reach all
Tanzanians**

By [Name]

The Prime Minister has today announced a plan to ensure that all Tanzanians have access to broadband internet connectivity. The plan, which is part of the government's digital transformation strategy, aims to provide high-speed internet access to all parts of the country by 2025. The PM emphasized that this is a crucial step towards building a digital economy and improving the lives of Tanzanians.

JUKWAA LA UCHUMI

Wachuuzi Ziwa Tanganyika na kilio cha soko la samaki

BARAKA LOSHILAA na SWAUMU HASSAN (DSJ)

SELESTINA Silvesta (53) mkazi wa Kigoma mjini, Kata ya Bangwe, ni mchuuzi wa samaki katika ziwa Tanganyika kwa zaidi ya miaka 20 sasa, anaeleza namina changamoto ya kupata mikopo, inavyokwamisha kusonga mbele.

Mama huyo mwenye watoto tisa, anasema baada ya kuolewa alianza biashara ya samaki, hivyo muda mwingi wa maisha yake anayatumia ziwani kwa shughuli za uchuuzi wa samaki.

Anasema kila siku anaamka mapema alfajiri, kwenda ziwani kwa ajili ya kutafuta samaki, huku mtaji wake ukiwa haumtosheli kufanya manunuzi yenyewe kumletea tija.

"Wakati mwingine nalala ziwani nikiwakausha samaki, changamoto inayotukabili sidi wachuuzi hatuamini kupewa mikopo, miaka ya nyuma kulikuwa na benki ambayo zilirotolea kutukopesha baadaye walibadilika na kustisha mikopo," anaeleza.

Selestina anasema, kwa mtaji wake wa sh.500,000 bado hatari tija kwani baada ya kununua samaki, huzimika kuwakausha na kuwasafirisha kwenda kutafuta masoko eneo la Kibirizi nje ya Kata ya Bangwe.

"Hapa Bangwe hutuna masoko, hivyo tunasafirisha mazao yetu kwenda Kibirizi, na huko masoko tunabahatisha kwa kuuza

rejareja, kwa mtaji wangu huo faida napata kati ya sh.8,000 hadi sh.10,000," anasema.

Selestina anasema, endapo atapata mtaji wa sh.5,000,000 atakuza biashara yake na kuanza kutengeza faida ambayo itamuwezesha kuendesha familia yake kwa ufanisi, tofauti na sasa ambapo anauza kwa kubahatisha.

"Wachuuzi eneo la Bangwe hatuna masoko ya bidhaa zetu, hivyo ninaponunua samaki au dagaa kwa wavuvi, nawakausha hapa hapa na kuwasafirisha kwa ajili ya kutafuta masoko.

Hivyo katika usafirishaji natumia fedha nyingi baadaye nikigalia faida inakuwa ndogo, kutokana namatumizi kuwa mengi," anabainisha.

"Hapa Bangwe hutuna masoko, hivyo tunasafirisha mazao yetu kwenda Kibirizi, na huko masoko tunabahatisha kwa kuuza rejareja, kwa mtaji wangu huo faida napata kati ya sh.8,000 hadi sh.10,000..."

Selestina Silvesta, mchuuzi wa samaki Ziwa Tanganyika.

MCHUUZI akichagua samaki.

Selestina anasema, kuna nyakati wanakosa samaki kutokana na mbinu zinazotumiwa na wavuvi kuuza samaki kutokuwa za kisasa.

"Natoka nyumbani saa 12 alfajiri nawahi mwaloni, wavuvi wanakuja nchi kavu kuanzia saa mbili hadi saa tano, sasa wengi wanatumia njia za makila kuvua samaki, hivyo wakati mwingine hadi wanarudi nchi kavu, wale ambao waliuliwa mapema wameharibika hii ni kutokana na mfumo unaotumika kuathiri utumbo na matanvu.

Pia kuna samaki wanavuliwa kwa nyavu za kipe, zile hazinuthiri samaki katika haimuwa wala utumbo, hata akika muda mrefu hawezi kuharibika, ndio aina ya samaki ninawachukua japo hawatosheli.

Hivyo njia hizi za uvuvi bado hazina tija kwetu, kwani tunapata samaki wachache kutoka kwa wavuvi," anasema.

Anasema uchache wa samaki katika Ziwa Tanganyika unatofautiana kulingana na msimu.

"Agosti hadi Desemba tunala msimu wa joto kutokana na kuwepo kwa mapato, msimu wa joto upatikanaji wa mapato unakuwa mwingi. Machi hadi Julai ni wakati wa baridi maslahi yanakuwa madogo na upatikanaji wa samaki hao unakuwa mgumu.

Selestina anaeleza namna anavyohifadhi samaki kwa kuwakausha na kuwasafirisha katika matenga ambayo hutengenezwa kwa miani.

"Pia yapo maboksi ambayo hutumika katika usafirishaji wa samaki," anasema.

Selestina anasema, muda mwingi anaatumia mwaloni na haimuwa katika familia yake.

"Mume wangu hana kazi yeyote, anahitegemea mimi, ninapotoka haruweri kula, hivyo kuna wakati mwingine

nalala mwaloni kusubiri samaki au kukausha," anasema.

Jiwa upande wake Ziwa Juma, mwa wa watoto watano anayefanya uchuuzi wa samaki na Mikazi wa Kaya ya Bangwe Kijiji cha Katonga, anasema kika shughuli zake za uluguzi mara nyingine hapati faida.

"Uchakataji wa samaki naufanya hapa mwaloni, ninapomaliza napitia wakati mgumu kupata masoko, kuna wakati samaki wanaharibika na mtaji wangu unakata, pia wakati mwingine naze kwa hasara.

Changamoto nyingine wakati wa masika dagaa wanaharibika kutokana na teknolojia duni tunazotumia kuwakausha na ninapowaandaa gharama ya kuwasafirisha kwenda Kibirizi kutafuta masoko ambayo si ya uhabaka.

Hata tukifika sokoni hawezi kuuza kwa haraka, hivyo unalazimika kutafuta dalili ambaye utampa biashara yako akutafute mteja," anasema.

Anasema mfumo huo wa kumtumia dalili, unadhooisha mtaji, kwani madalili wengi wanaangalia maslahi yao na si ya mfiyabishara.

Ziada anasema, japo maslahi anayopata kutika biashara ya uluguzi wa dagaa ni ndogo, hawezi kuachana nayo kwani anategemea na familia yake.

"Mumewangu hajishughulishi na kazi yeyote anakaa nyumbani, watoto wanategemea mimi, nimeshi kutoa kisi cha fedha katika mtaji wangu nikipata kujunga katika biashara hii zipoika fedha na kutumia na sasa yupo nyumbani anarubiri nipeleke chukula," anaeleza.

Ziada anasema kuingia kwake mwaloni ni kuanzia saa moja akubuni na kuwasubiri wavuvi kuanzia muda huo hadi saa tano.

Kima wavuvi wakipata samaki na dagaa, huwa nachelewa kurudi nyumbani kwa ajili ya kuwakausha, pia watu huku wanawaacha mbuni wanakuja ziwani, unapokika dagaa laima uwe na vijana wa kulinda mazao yako na unalazimika kumlia.

Amani Mviyekure Mwenyeji wa Bangwe Mkoani Kigoma baba wa watoto 12, anasema uvuvi wa nyakati hii umebadilika kutokana na zana zinazotumika kutokuwa za kisasa.

"Nilianza uvuvi tangu mwaka 1965, wakati huo nikikuwa nitumia mtumbwi na karabai mbili na nikikuwa napata mazao mengi bila kusafiri umbali mrefu.

Tulikuwa na chombo cha kuhifadhi samaki na dagaa ambacho kilonekana kama tanga na mtu mmoja alikuwa akimika vyombo hivyo zaidi ya 10," anabainisha.

Anaeleza changamoto inayotukabili sasa ni mabadiliko ya teknolojia ambayo imewafanya wavuvi kutoendana na njia za kisasa.

"Kunahitajika taaluma katika uvuvi, lelele wavuvi wetu wafahamu mbinu za sasa za uvuvi na namna ya kutumia zana za kisasa," anasema.

Kupitia utafutaji wa mazokeo

WAFANYABIASHARA wa samaki wakiharibika uvuvi kumunua bidhaa hiyo.

MAZUNGUMZO

WAZIRI wa Mifugo na Uvuvi, Mashimba Ndaki (Kulia), akizungumza na Mratibu wa Usimamizi Shirikishi wa Rasilimali za Uvuvi Kusini Magharibi mwa Bahari ya Hindi (SWOPISH), Nicholas Mlinda (katikati) na Mkurugenzi Mkuu wa Taasisi ya Utafiti wa Uvuvi Tanzania (TAFIRU), Dk. Ishmael Kimirei, Makao Makuu ya TAFIRU, Dar es Salaam.
(Picha na Wizara ya Mifugo na Uvuvi).

Majaliwa ashusha nondo 7 Mifugo

**SWAUMU HASSAN (DSJ),
SAMIRA OMARY (TUDARCO)
Na JUMA ISSIHAKA**

WAZIRI Mkuu, Kassim Majaliwa, ametoa maagizo saba kwa taasisi, mamlaka na Idara mbalimbali za serikali ili kuimarisha ustawi wa sekta ya mifugo na kuifanya itoe mchango chanya kwa taifa.

Maagizo hayo aliyatoa jijini Dar es Salaam jana, wakati akifungua mkutano wa wadau wa sekta ya mifugo uliofanyika katika Kituo cha Mikutano ya Kimataifa cha Julius Nyerere.

Maagizo au nondo hizo saba zilizotolewa maagizo na waziri mkuu ni hizi:

ASILIMIA 15 YA MAPATO

Majaliwa aliiagiza mamlaka ya serikali za mitaa, kuhakikisha asilimia 15 ya mapato ya halmashauri yatokanayo na mifugo, yanarudishwa ili kuboresha miundombinu ya sekta hiyo katika halmashauri husika.

"Mamlaka za serikali za mitaa, simamieni halmashauri zile asilimia 15, zitengwe na zirudi katika mifugo huko huko katika halmashauri, hii itasaidia kuwahamasisha wafugaji kuona kuwa, huduma zinatoka," alisema.

Katika utekelezaji wa hilo, aliwataka Waziri wa Mifugo na Waziri wa Nchi, Ofisi ya Rais, Tawala za Mikoa na Serikali za Mitaa (TAMISEMI), kukutana na kujadili namna nzuri ya kufanya.

UKARIBU NA SEKTA BINAFSI

Aliiagiza viongozi na watendaji wa serikali, kuhakikisha wanakuwa karibu na sekta binafsi, kwa maana wafugaji ili kuwawezesha kuwekeza katika sekta ya mifugo ikiwa ni pamoja na ujenzi wa miundombinu yake.

"Hii ni kama vile kupata majosho, rambo, visima vya maji ili kufanya mifugo ishamiri ikiwa na afya njema," alisisitiza.

Aidha, aliiagiza TAMISEMI kushirikiana na sekta binafsi katika kutenga, kupima, kusimamia na kuendeleza maeneo ya malisho, kwa kufanya hilo, hakutakuwa na migogoro ya wafugaji na watumiaji wengine wa ardhi.

KUBOresha MIFUGO

Kwa mujibu wa Majaliwa, TAMISEMI inapaswa kuwahamasisha wafugaji kuboresha mifugo yao, ili kuongeza tija katika uzalishaji kupitia uhimilishaji, upandishaji wa madume na mitamba bora.

TAASISI ZA UTAFITI

Majaliwa aliziagiza Wizara ya Kilimo na Wizara ya Mifugo na Uvuvi, kuhakikisha zinasimamia uboreshaji wa miundombinu ya taasisi zao za utafiti ambazo ni TARI na TARILI na kuzipatia fedha ili zifanye utafiti wenye tija kwa sekta ya mifugo.

Alitaka uhusiano wa kitaalamu kati ya taasisi hizo uimarishwe ili kutoa matokeo mazuri ya tafiti na kila utafiti urudi kwa walaji na wautumie kupata manufaa zaidi.

"Taasisi zinazozalisha na usambazaji wa mbegu bora za mifugo, ziendelee kuimarishwa ili kuongeza tija zaidi katika sekta hiyo na kuhamasisha wafugaji kutumia mifugo bora iliyofanyiwa utafiti kuonyesha kuwa na tija zaidi," alisema.

MASOKO

Aliitaka wizara husika kusimamia mifumo ya masoko, ili wafugaji wauze mifugo yao kwa bei nzuri ikiwemo kuimarisha ushirika wa wafugaji.

"Wafugaji hawa ili wafikiwe kwa ukaribu, waunde umoja wao wapambanue changamoto zao, wawasilishe kwa pamoja badala ya kila mmoja kuwa sehemu yake, haitakuwa rahisi kuwafikia, wakiwa na ushirika inakuwa rahisi zaidi," alisema.

Alisema hamasa hiyo ya kuundwa kwa ushirika katika mifugo inatokana na mafanikio yaliyoonekana katika kilimo.

MIGOGORO

Aliiagiza Wizara ya Mifugo na Uvuvi, kuhakikisha inashiriki kikamilifu kutatua migogoro kati ya wafugaji na watumiaji wengine wa ardhi, wafanye hivyo kwa kuwaelimisha wafugaji kufuga kulingana na maeneo waliyonayo.

Pia, alizitaka halmashauri zisimamie na zihamasishe ufugaji ambao hautachochea migogoro baina ya wafugaji na watumiaji wengine wa ardhi.

"Kumekuwa na malalamiko

kwamba, wapo wafugaji wenye ng'ombe walioshikiliwa zaidi ya 5,000, wizara ni muhimu kupata taarifa hizi wapi mifugo imeshikiliwa na kama hakuna suluhu, lazima mwende kwa haraka sana kusikiliza kuna nini.

"Wakati mwingine watendaji wetu ni waonevu tu, wanataka kuwaonea wafugaji, jambo ambalo siyo sahihi, lakini pale ambapo hawafanyi vizuri bora waambiwe," alisema.

Hata hivyo, aliagiza kuachiwa kwa mifugo yote inayoendelea kushikiliwa ilhali Mahakama imeshaamuru iachiwe.

"Kama Mahakama imesema ng'ombe hawa hawana hatia, waachiwe ili mfugaji achukue ng'ombe wake akajipange vizuri, kama kuna kasoro ya kutojua mipaka tulishaagiza maeneo yote yatambue mipaka," aliongeza.

Alielekeza oparesheni za mifugo zifanywe kwa weledi, huku akiwasisitiza wafugaji kuacha kuingia katika maeneo waliyozuiliwa kuingia.

SENSA YA MIFUGO

Aliitaka mikoa yote nchini, kufanya sensa ya mara kwa mara, kutambua wafugaji wako wapi, wangapi na wana mifugo kiasi gani ili kuwezesha uratibu wa mifugo hiyo.

"Nilimuona Mkuu wa Mkoa wa Lindi, moja ya taarifa alisema walikuwa na wafugaji wengi waliolingia huko, alichokifanya ni kuwatambua ni kina nani, wana mifugo kiasi gani na wapo maeneo gani kisha kuwapangia," alisema.

Alisisitiza elimu ya ufugaji bora kutolewa kwa wafugaji ili kuepuka ufugaji wa mifugo mingi isiyo na tija.

Waziri wa Mifugo na Uvuvi, Mashimba Ndaki, alisema mkutano huo umehudhuriwa na wadau zaidi ya 300, huku ukiwa na dhamira ya kupeana taarifa kuhusu fursa, changamoto na kujadili namna ya kukabiliana nazo.

Mkutano huo, umebeba kauli mbiu isemayo 'Kufikia Tanzania ya Viwanda 2025, ushiriki wa sekta binafsi katika sekta ya mifugo ni nguzo muhimu kuinua uchumi na kuongeza ajira'.

Skari watatu SUMA JKT mbaroni tuhuma za mauaji

UK. 1

Waziri Mkuu, Kassim Majaliwa akikagua mkanda uliotengenezwa kwa ngozi wakati wakipewa maelezo na Ofisa wa Masoko wa Kiwanda cha Kilimanjaro International Leather, Fredrick Njoka (kulia) alipotembelea banda lao kabla ya kufungua mkutano wa wadau wa sekta ya mifugo uliofanyika kwenye Kituo cha Mikutano cha Kimataifa cha Julius Nyerere jijini Dar es Salaam jana. Picha na Sunday George

'Wafugaji msiwape watoto kuchunga'

Bakari Kiango, Mwananchi
bkiango@mwananchi.co.tz

Dar es Salaam. Waziri Mkuu, Kassim Majaliwa amekemea vitendo vya baadhi ya wafugaji wanaowapa watoto ng'ombe kuwachunga, akisema si sahihi kwa sababu hawana uwezo wa kukaa na kundi kubwa la mifugo.

"Tuache tabia ya kuwapa watoto wadogo kuchunga ng'ombe, kwa sababu wanatakiwa kwenenda shule, pili hawana uwezo wa kukaa na kundi kubwa. Najua utamaduni huko hivyo, lakini tuweke mwelekeo mzuri wa ufugaji," alisema Majaliwa.

Majaliwa alitoa kauli hiyo jana, wakati akifungua mkutano wa wadau wa sekta ya mifugo uliondaliwa na Wizara ya Mifugo na Uvuvi.

Mkutano uliwashirikisha baadhi wa wakuu wa mikoa ya Tanga, Pwani, Iringa, Lindi, Dar es Salaam, Manyara na Tabora.

Aliwataka wafugaji kuwakabidhi mifugo vijana wenye uwezo wa kutafakari na kujua namna ya kutekeleza vyema shughuli ya kuchunga na endapo ng'ombe akienda ndivyo sivyoy, ni rahisi kumrudisha katika njia yake.

Katika mkutano huo, Mwenyekiti wa Chama cha Wafugaji Tanzania (CCWT), Jeremiah Wambura alimuomba Majaliwa kuingilia kati sakata la ng'ombe 5,000 wanaoshikiliwa katika hifadhi mbalimbali, zikiwamo za Meatu na Burigi, licha ya Mahakama kuamuru ziachiliwe.

"Tunaomba utusaidie mifugo hii iachiwe kwa sababu ng'ombe wanashikiliwa huku ndama

wanaachwa wakifa. Waziri Mkuu, hatuwezi kupata maziwa kama ng'ombe wanashikiliwa," alisema Wambura.

Akijibu ombi hilo, Majaliwa alisema, "kama Mahakama ime sema ng'ombe hawana hatia waachiwe ili mfugaji achukue mfugo wake na kujipanga vizuri katika maeneo yake.

Kama kuna mfugaji hapa ng'ombe wake wameshikiliwa baada ya tamko hili wamuone waziri," alisema Majaliwa.

Waziri wa Mifugo na Uvuvi, Mashimba Ndaki alimuomba Majaliwa kuagiza wakuu wa mikoa kutekeleza waraka wa mwaka 2002 unaolekeza halmashauri kutenga asilimia 15 ya mapato yanatokanayo na mifugo, kisha zitumike kuboresha sekta hiyo.

"Huko Lindi juzi wakulim wawili wameuawa na wafugaji, sio jambo jema, sabab ng'ombe amepelekw katika shamba la mahindi. Ni vizuri kila mmoja aheshimu shughuli ya mwenzake i tuishi vizuri katika jami yetu."

Waziri Ndaki aipa maagizo TAFIRI ifanye kazi kwa tija

Na MWANDISHI WETU

TAASISI ya Utafiti wa Uvuvi Tanzania (TAFIRI), imetakiwa kufanya kazi zenye tija kwa jamii na kutoa ushauri wa kisayansi namna ya kuhakikisha sekta ya uvuvi inakua na kusaidia Watanzania katika masuala ya uvuvi.

Waziri wa Mifugo na Uvuvi, Mashimba Ndaki, alisema hayo juzi, alipofanya ziara ya kikazi ya siku moja katika makao makuu ya taasisi hiyo iliyoko Jijini Dar es Salaam.

Alisema TAFIRI inategemewa katika kufanya tafiti za uvuvi kwa manufaaa ya sasa, yajayo na kuwafanya wavuvi kuwa na kipato endelevu ili shughuli hiyo ifanywe kitaalamu.

Ndaki alipongeza Mradi wa

Usimamizi Shirikishi wa Rasilimali za Uvuvi Kusini Magharibi mwa Bahari ya Hindi (SWIOFISH), ambao umewezesha kujengwa jengo la maabara ya TAFIRI ambalo litaongeza wigo katika kufanya tafiti za uvuvi hapa nchini.

Alisema SWIOFISH imekuwa ikifanya kazi ya msingi na muhimu nje ya nchi na kuhakikisha fedha ambazo zimetolewa na Benki ya Dunia katika mradi huo zinasimamiwa vyema na kufikia malengo yaliyokusudiwa.

Kwa upande wake, Mkurugenzi Mkuu wa TAFIRI, Dk. Ishmael Kimirei, alimweleza Waziri Ndaki juu ya changamoto mbalimbali wanazokabiliana nazo, zikiwemo za vifaa vya maabara baada ya jengo la maabara kukamilika ambapo vifaa hivyo

vinagharimu sh. bilioni 1.5.

Kutokana na ukosefu wa vifaa vya maabara, Waziri Ndaki alimuhakikishia mkurugenzi huyo kuwa, ataliwekea uzito jambo hilo kuanzia sasa na mwaka ujao wa fedha ili vipatikane vifaa hivyo na jengo hilo lifanye kazi ya utafiti pekee badala ya kuwa na vyumba vya ofisi.

Naye, mratibu wa mradi wa SWIOFISH, Nicholas Mlaila, alisema mradi huo wa miaka sita nchini unaotarajia kufikia tamati Septemba, mwaka 2022, umefadhiliwa na Benki ya Dunia na lengo ni kusimamia masuala ya uvuvi kuanzia ngazi ya utawala hadi kwa wavuvi pamoja ushirikiano kwa kikanda katika kuhakikisha unaboresha mnyororo wa thamani wa mazao ya uvuvi.

Ng'ombe wa serikali kuhesabiwa rasmi

Na Beatrice Shayo

WAZIRI wa Mifugo na Uvuvi, Mashimba Ndaki, amegiza ng'ombe wote wa serikali kuingizwa kwenye mfumo wa utambuzi ili kusaidia kupata idadi ya mifugo nchini.

Waziri Ndaki aliyasema hayo jana jijini Dar es Salaam wakati wa uzinduzi wa kiwanda cha kutengeneza hereni za kielektroniki za utambuzi wa mifugo nchini.

Alisema ng'ombe wa serikali katika maeneo mbalimbali wanatakiwa kuingizwa kwenye mfumo huo.

"Ni vizuri kuwa na mfumo mmoja utatusaidia kama nchi kwa kuwa tutatambulika kuwa tuna rasilimali za mifugo inayotoka Tanzania kiasi hiki... pamoja na ng'ombe wa serikali na wa watu binafsi tusiwe na utambulizi tofauti," alisema.

"Kuna baadhi ya watu wanatukodisha mashamba yetu wanasema wana ng'ombe kumbe hawana, tutajuaje hawana usajili, huu mfumo wa utambuzi utatusaidia kubaini mmiliki halali wa ng'ombe na wale wanaoiba mifugo."

Pia, Waziri Ndaki aliagiza ubadilishaji wa umiliki wa ng'ombe endapo mtu anataka kuuza mifugo yake ufanywe kwa haraka bila kuwapo na ucheleweshaji.

"Namna ya kubadilisha umiliki wa ng'ombe kutoka kwa mtu mmoja kwenda kwa mwingine unakuwa na mchakato mrefu kitu mbacho sisi wafugaji huwa hatupendi mara uende kwa mtendaji wa kijiji, mtendaji wa kata mara untafute mtaalamu aweke taarifa kwenye kompyuta mara kompyuta iko-sekane kijijini kunakuwa na mlolongo mrefu," alisema.

Alitoa wito kwa sekta binafsi kushiriki uwekezaji katika maeneo ya serikali hasa uzalishaji, mifugo na uvuvi ili kusaidia kuinua vipato vya wananchi.

"Sekta binafsi lazima muingilie kati ili kuongeza thamani ya mazao yetu ya mifugo watizame changamoto tulizonazo ili kutatua ni vizuri wakaiga mfano uliofanywa na hiki kiwanda," alisema.

Awali, Mkurugenzi wa Huduma za Mifugo kutoka Wizara ya Mifugo na Uvuvi, Profesa Hezron Nonga, alisema kuna maelekezo yalitolewa kwa ajili ya mifugo yote kutambuliwa na kusajiliwa.

Alisema mwaka 2017 walianza utambuzi kwa kupiga chapa jambo ambalo lililalamiwa kwa sababu chuma kilikuwa kinaunguza ngozi na kuonekana kwa alama.

Serikali kut

RC Makalla kuvalia njuga maboresho mnada Pugu

Na Maulid Mmbaga

MKUU wa Mkoa wa Dar es Salaam, Amos Makalla, amesema atahakikisha anasimamia ipasavyo maboresho ya mnada wa Pugu na machinjio ili yaweze kuendana na hadhi ya jiji hilo baada ya kubaini kulega lega kwa suala hilo.

Aliyasema hayo jana jiji hapo baada ya kukutana na wadau wa sekta ya mifugo pamoja na Waziri Mashimba Ndaki, kujadili hali ya ubovu wa mnada

huo, ambao mkandarasi ana-yeusimamia kuonekana ku-suasua.

Alisema mazungumzo hayo yalikuwa na mafanikio makubwa baada ya Waziri Ndaki kumkabidhi jukumu la kumsimamia na kumbana mkandarasi amalize kazi ya kuboresha mnada huo baada ya kutoridhishwa na hali aliyoikuta wakati alipofanya ziara mnadani humo hivi karibuni.

Miongoni mwa changamoto zilizoonekana kuwapo katika

mnada huo ni mitundombinu mibovu inayohatarisha usalama wa mifugo pamoja na kasi isiyoridhisha ya mkandarasi aliyekabidhiwa kufanya marekebisho katika eneo hilo.

"Kwa sasa nia hidi kuwa nitamsimamia ipasavyo mkandarasi ili kuhakikisha anakamilisha maboresho ya mnada kwa wakati na kupunguza changamoto zilizokuwa zikiwakabili wafugaji na wafanyabiashara katika eneo husika," alisema Makalla.

Pia, alisema endapo mnada

huo utakuwa katika hali nzuri itasaidia pia machinjio ya kisasa ya Vingunguti kupokea mifugo yenye ubora utakaochochea upatikanaji wa nyama zenye ubora.

Miongoni mwa maboresho yanayotakiwa kufanyika katika mnada huo ni ujenzi wa uzio unaozunguka eneo husika, sakafu, eneo salama la kupakia ng'ombe, ujenzi wa vyoo na kero ya ukosefu wa maji. Mambo ambayo mkuu huyo aliahidi kusimamia mchakato wa utatuzi wake.

Govt pushes for value-added livestock products

Continued from page 1

The Prime Minister implored relevant authorities to strengthen the production and distribution of quality livestock breeds, to increase productivity in the sector, while encouraging pastoralists to use quality breeds that have been researched and more productive.

He said the responsible ministry should strengthen extension services in the sector, so that pastoralists can get better knowledge on livestock keeping as well as strengthen livestock markets to enable pastoralists to sell their livestock at a better price.

Mr Majaliwa also called on the pastoralist communities to stop the practice of using children in cattle herding and instead, focus on ensuring that the children receive quality education for their future benefit.

He also warned pastoralists against driving their herds into farms, which tend to trigger conflicts.

"Pastoralists must understand that maize is for food and not a grazing field. You should learn to respect other people's economic activities," he said.

The premier instructed the Ministry of Livestock and Fisheries to fund research institutes in the country, for them to conduct productive research for the sector.

Earlier, the Chairperson of the Tanzania Pastoralists Asso-

ciation, Mr Jeremiah Wambura, appealed to the government to intervene in their standoff with game reserves, noting that there are over 5,000 cattle being held in game reserves, while pastoralists have won court cases.

"This is one thing that has hampered our activities. We request for your intervention in Burigi, Mkungunero and Meatu areas for authorities to release our cattle," he said. The pastoralists requested the authorities to look for the best ways to conduct livestock operations, so that animal rights are observed.

The Minister for Livestock and Fisheries, Mashimba Ndaki said the aim of the meeting was to provide an opportunity for stakeholders in the private sector, to understand in detail the opportunities available in the livestock sector, gain joint experience and understand challenges and discuss how to overcome them.

Similarly, Mr Ndaki has called on LGAs to fund and involve pastoralists in the country to ensure 20 per cent of cattle are eligible for artificial insemination annually.

"Despite natural resources available in the country, the livestock sector is performing well below its potential. The livestock activities contribute 7.4 per cent to the country's GDP, through this conference will help strengthen activity in this sector and increase its contribution to GDP," he said.

By HILDA MHAGAMA

THE government has issued ten directives to authorities, geared towards value addition in livestock and its products.

Top among the directives is for the councils to allocate 15 per cent of revenue collected from livestock activities and products, for the improvement of the sector.

Prime Minister Kassim Majaliwa issued the directives in Dar es Salaam yesterday, while opening a two-day meeting of livestock sector stakeholders in the country.

The premier also instructed stakeholders in the livestock sector to ensure that they depart from

traditional livestock keeping and adopt modern methods in order to increase productivity, enhance herders' income and boost national economic growth.

"All Local Government Authorities (LGAs) should implement President Samia Suluhu Hassan's directives by allocating 15 per cent of revenue collected from the livestock sector in your areas, to be used in improving the sector which is crucial for poverty alleviation, food security and job creation," he noted.

Mr Majaliwa said establishing a public-private partnership in the sector was crucial to ensure that Tanzania's livestock sector plays an important role in fast-

All Local Government Authorities should implement President Samia Suluhu Hassan's directives by allocating 15 per cent of revenue collected from the livestock sector...

tracking the country's industrialisation drive.

He said LGAs have the responsibility of working with livestock keepers in demarcation of surveyed land and give ownership of grazing areas according to traditional or legal procedures, in order to reduce persistent conflicts between herders and farmers, he said.

"Government officials and executives you must ensure that you work with the private sector, including pastoralists, in enabling them to invest and develop the setting up of livestock infrastructure including plunge dips, farm ponds and pastures," he noted.

Bukoba kusaka wezi wa ng'ombe

Alodia Dominick, Mwananchi
mwananchipapers@mwananchi.co.tz

Bukoba. Mkuu wa Wilaya ya Bukoba, Moses Machali ametangaza operesheni maalumu ya kuwasaka wezi wa ng'ombe.

Hatua hiyo inatokana na malalamiko ya wizi wa ng'ombe yaliyotolewa katika kikao cha Baraza la madiwani la halmashauri hiyo jana, ambapo madiwani walidai wezi hao hawachukuliwi hatua na vyombo vya dola.

Baada ya kusikiliza hoja za madiwani na alipopewa nafasi ya kuzungumza, Machali alitangaza operesheni hiyo itakayolihusisha Jeshi la Polisi kwa kushirikiana na viongozi wa tarafa, vitongoji na wananchi.

Alisema ili kuwabaini wezi wa mifugo hiyo kutakuwa na mikutano ambayo wananchi watapiga kura ya siri kwa wanaodhani ni wezi.

"Nitoe tahadhari kwa madiwani, katika operesheni hiyo kuna ndugu zenu wanaweza kuhusishwa, hivyo sitaki diwani anifuata eti anataka kudhamini ndugu yake, malalamiko mmeyaleta ninyi, acha tushughulike na jambo ili tuwanase, kwa kuwa wanaikosesha jamii amani, wananchi watapiga kura ya siri kuwabaini wezi wa ng'ombe, kwa yule atakayepata kura nyingi tutaanza kumfuatilia," alisema Machali.

Diwani wa kata ya Bujugo ambaye pia ni Makamu Mwenyekiti wa halmashauri hiyo, Prinatus Anatory alisema aliibiwa zizi lote la ng'ombe ambalo lilikuwa na mifugo tisa, alitoa taarifa kituo cha polisi lakini mifugo haikupatikana hadi leo na hakuona hatua zilizochukuliwa kuwasaka wezi hao.

Alisema iwapo itafanyika operesheni hiyo itasaidia kubaini mtandao mzima wa wezi hao kwa kuwa unaonekana ni

mkubwa na inasemekana mtandao huo unasafirisha ng'ombe hao nje ya nchi na wengine wanawachinja na kuwauza hapa nchini.

Hata hivyo, takwimu za ng'ombe walioibwa hazikupatikana mara moja kutokana na taarifa za wizi kutolewa kwenye uongozi wa kata na nyingine kituo cha polisi.

Wakati huohuo, mkurugenzi wa halmashauri hiyo, Fatina Laay alisema halmashauri hiyo kwa mwaka wa fedha 2021/2022 inatarajia kukusanya Sh35.4 bilioni ambapo kwa mwaka 2020/2021 ilitarajia kukusanya Sh35.9 bilioni, lakini walikusanya Sh30.5 bilioni.

"Nawaomba ndugu zangu madiwani tushirikiane katika kuhamasisha wananchi kulipa kodi, kubuni vyanzo vipya vya mapato na kudhibiti matumizi yetu ili tupige hatua zaidi katika maendeleo ya halmashauri yetu na taifa," alisema.

Waziri Mkuu, Kassim Majaliwa akikagua mkanda uliotengenezwa kwa ngozi wakati wakipewa maelezo na Ofisa wa Masoko wa Kiwanda cha Kilimanjaro International Leather, Fredrick Njoka (kulia) alipotembelea banda lao kabla ya kufungua mkutano wa wadau wa sekta ya mifugo uliofanyika kwenye Kituo cha Mikutano cha Kimataifa cha Julius Nyerere Jijini Dar es Salaam jana. Picha na Sunday George

'Wafugaji msiwape watoto kuchunga'

Bakari Kiango, Mwananchi
bkiango@mwananchi.co.tz

Dares Salaam. Waziri Mkuu, Kassim Majaliwa amekemea vitendo vya baadhi ya wafugaji wanaowa-pa watoto ng'ombe kuwachunga, akisema si sahihi kwa sababu hawana uwezo wa kukaa na kundi kubwa la mifugo.

"Tuache tabia ya kuwapa watoto wadogo kuchunga ng'ombe, kwa sababu wanatakiwa kwenenda shule, pili hawana uwezo wa kukaa na kundi kubwa. Najua utamaduni huko hivyo, lakini tuweke mwelekeo mzuri wa ufugaji," alisema Majaliwa.

Majaliwa alitoa kauli hiyo jana, wakati akifungua mkutano wa wadau wa sekta ya mifugo uliondaliwa na Wizara ya Mifugo na Uvuvi.

Mkutano uliwashirikisha baadhi wa wakuu wa mikoa ya Tanga, Pwani, Iringa, Lindi, Dar es Salaam, Manyara na Tabora.

Aliwataka wafugaji kuwakabidhi mifugo vijana wenye uwezo wa kutafakari na kujua namna ya kutekeleza vyema shughuli ya kuchunga na endapo ng'ombe akienda ndivyo sivo, ni rahisi kumrudisha katika njia yake.

Katika mkutano huo, Mwenyekiti wa Chama cha Wafugaji Tanzania (CCWT), Jeremiah Wambura alimuomba Majaliwa kuingilia kati sakata la ng'ombe 5,000 wanaoshikiliwa katika hifadhi mbalimbali, zikiwamo za Meatu na Burigi, licha ya Mahakama kuamuru ziachiliwe.

"Tunaomba utusaidie mifugo hii iachiwe kwa sababu ng'ombe wanashikiliwa huku ndama

wanaachwa wakifa. Waziri Mkuu, hatuwezi kupata maziwa kama ng'ombe wanashikiliwa," alisema Wambura.

Akijibu ombi hilo, Majaliwa alisema, "kama Mahakama ime-sema ng'ombe hawana hatia waachiwe ili mfugaji achukue mfugo wake na kujipanga vizuri katika maeneo yake.

Kama kuna mfugaji hapa ng'ombe wake wameshikiliwa baada ya tamko hili wamuone waziri," alisema Majaliwa.

Waziri wa Mifugo na Uvuvi, Mashimba Ndaki alimuomba Majaliwa kuagiza wakuu wa mikoa kutekeleza waraka wa mwaka 2002 unaolekeza halmashauri kutenga asilimia 15 ya mapato yanatokanayo na mifugo, kisha zitumike kuboresha sekta hii.

Wahimimizwa kuchangamkia kuuza nyama Saudi Arabia

Na Oscar Job

SERIKALI kupitia kwa Masajili wa Bodi ya Nyama (TMB) imesema imejipanga kutumia soko la nyama la nchi ya Saudi Arabia na hivyo kuwataka wafugaji na wafanyabiashara kuitumia fursa hiyo kuboresha mifugo yao ili kujiinua kiuchumi.

Akizungumza na HabariLEO jana, Msajili wa TMB, Dk Daniel Mushi

alisema kwa kipindi kirefu Tanzania imekuwa ikitumia fursa za masoko ya nyama yanayopatikana katika mataifa mbalimbali duniani na kwamba ujio wa soko la Saudi Arabia ni fursa adimu ya kuchangamkia.

Mwishoni wa wiki, Balozi wa Tanzania nchini Saudi Arabia, Ali Jabir Mwandimi alibainisha kuwa hivi karibuni Tanzania itarejea tena katika usafirishaji wa nyama kwenda nchini humo

ikiwa ni takribani miaka 19 tangu kusitishwa kwa kibali kilichokuwa kinaruhusu nyama kutoka Tanzania kuingia nchini humo.

"Bodi tumejipanga kikamilifu kuhakikisha tunaitumia ipasavyo fursa hiyo na zingine za biashara za nyama. Kikubwa nitoe rai kwa wafugaji wote nchini kuitumie nafasi hii kwa kuzingatia matakwa ya soko," alisema.

Alisema soko la nyama la nje ya nchi linahitaji

mifugo yenye ubora na iliyokidhi vigezo mbalimbali vinavyoendana na mahitaji ya soko husika huku akisisitiza kuwa jambo la muhimu ambalo kama serikali imelichukua ni kuhakikisha wafugaji wanainenepesha mifugo hiyo ili iweze kufikia viwango vinavyohitajika katika soko la kimataifa.

Dk Mushi alisema katika kulizingatia hilo, bodi hiyo kwa kushirikiana na halmashauri mbalimbali nchini zimeendelea kutoa

elimu kwa wananchi juu ya unenepeshaji wa mifugo yao ili kuiwezesha kuwa na ubora ule unaohitajika ili iweze kupata soko katika mataifa hayo.

Alisema kwa sasa Tanzania inauza nyama katika mataifa ya Oman, Qatar, Dubai, Comoro na baadhi ya nchi zilizopo katika bara la Afrika.

Alisema katika kipindi cha mwaka jana Tanzania ilifanikiwa kuuza wastani wa tani 1,774 za nyama nje ya nchi.

Majaliwa atoa maagizo 10 kuboresha mifugo

Na Halima Mlacha

WAZIRI Mkuu, Kassim Majaliwa ametoa maagizo zaidi ya 10 kwa mamlaka za serikali likiwamo la kutekeleza Waraka wa Rais namba moja kwa kutenga asilimia 15 ya mapato yatakanayo na sekta ya mifugo katika halmashauri zitumike kuboresha zaidi sekta hiyo.

Waziri Mkuu pia amekelea tatizo la migogoro baina ya wafugaji na watumiaji ardhi wengine linalosababisha mauaji yanayozuilika.

Alitoa maagizo hayo Dar es Salaam jana wakati akifungua mkutano wa siku mbili wa wadau wa sekta ya mifugo nchini.

"Ninatoa maelekezo kwa mamlaka za serikali za mitaa, na leo (jana) wakuu wa mikoa mko hapa, hakikisheni mnatekeleza Waraka wa Rais namba moja wa mwaka 2022 kwa kutenga asilimia 15 ya mapato yatakanayo na mifugo na kuweka katika uboreshaji wa sekta ya mifugo," alisema. Majaliwa alizitaka mamlaka za serikali za mitaa kuzisimamia halmashauri zitenge asilimia hizo 15.

Aliwaagiza viongozi na watendaji wa serikali kua karibu na sekta binafsi na

wafugaji ili kuwawezesha waendeleo kuwekeza kwenye sekta hiyo.

Pia aliziagiza mamlaka za serikali za mitaa kushirikiana na sekta binafsi wakiwemo wafugaji katika kutenga, kupima, kusimamia na kuendeleza maeneo ya malisho.

Alisema mamlaka hizo zina wajibu wa kusimamia wafugaji kuongeza tija katika uzalishaji kupitia uhamilishaji, upandishaji wa madume na mitamba bora.

Aidha, alitaka Wizara ya Mifugo na Uvuvi kutumia taasisi za utafiti na kuzipatia fedha zifanye tafiti zenye tija kwa sekta ya mifugo na kuimarisha taasisi zinazozalisha mbegu bora za kisasa pamoja na kuhamasisha wafugaji watumie mifugo bora iliyofanyiwa utafiti na kuonesha kuwa na tija zaidi.

"Pia naagiza wizara isimamie na kuimarisha mfumo wa masoko ya mifugo na wafugaji wauze mifugo yao kwa bei nzuri ikiwamo kuimarisha ushirika wa wafugaji ili wafugaji waweze kufikiwa waunde umoja wao wachanganue changamoto zao badala ya kila mmoja kuwa sehemu yake hivyo kuwa ngumu kuwafikia," alisema Majaliwa.

Aliagiza Wizara ya Mifugo kushiriki kikamilifu katika kutatua migogoro

inayowahusu wafugaji na watumiaji wengine wa ardhi.

"Hakikisheni wafugaji wanaelimishwa na kuhamasishwa kufuga kulingana na maeneo waliyonayo. Halmashauri nazo zihamasishe ufugaji ambao hautochoea migogoro baina ya wafugaji na watumiaji wengine wa ardhi," alisema Majaliwa.

Aliagiza ng'ombe zaidi ya 5,000 wanaoshikiliwa katika hifadhi mbalimbali nchini, wizara kufuatilia na endapo mahakama imeamuru waachiwe, waachiwe mara moja.

Alitaka pia operesheni za mifugo nchini kufanywa kwa weledi, lakini pia akiwasisitiza wafugaji waepuke shughuli za ufugaji kwenye maeneo yasiyoruhusiwa hususani vyanzo vya maji, hifadhi na maeneo mengine ikiwemo ya kilimo.

Aliagiza mikoa yote kufanya sensa ya mara kwa mara ya mifugo ili kufahamu ipo mingapi na iko wapi.

Alisema sekta ya mifugo ni muhimu na ya kipaumbele kwa Serikali ya Awamu ya Sita ikiwa na lengo la kuiwezesha kuchangia ipasavyo katika kuwakwama wananchi kiuchumi na kutoa malighafi ya kwa viwanda vya kuchakata mazao ya mifugo.

Majaliwa pia alitoa wito kwa wafugaji kuacha

tabia ya kuwapa watoto kazi ya kuchunga mifugo badala yake wajikite katika kuhakikisha watoto hao wanapata elimu bora kwa manufaa yao ya baadaye.

Aidha, aliwataka kujikita katika ufugaji wenye tija utakaohakikisha malighafi zinazotokana na mifugo kama vile nyama, maziwa na ngozi zinapatikana kwa wingi lakini pia kwa ubora unaoweza kupata soko kubwa ndani na nje ya nchi.

Alisema kwa sasa uzalishaji wa bidhaa za mifugo bado uko chini kuanzia nyama, maziwa na hususani ngozi ambazo zimeharibiwa na kuwekwa chapa na kuanjikwa majina.

"Serikali iko nyuma yenu, hakikisheni mnafuga kwa kuzingatia utaalumu unao- tolewa. Rais alitoa maagizo ya kuongeza uzalishaji wa nyama kutoka kilo 730,000 mwaka huu na kufikia 940,000 mwaka 2025/26.

Alisema malengo mengine ni maziwa kuongezeka kutoka lita bilioni 3.1 mwaka huu hadi lita bilioni 4.5 mwaka 2025/26 na ngozi kutoka tani 16 mwaka huu hadi tani 25 mwaka 2025/26.

Alihimiza kuhusu umuhimu wa wafugaji kutumia fursa ya masoko kwa kuwa mataifa mengi yanahitaji nyama kutoka Tanzania.
